

Dansville Middle School Board Updates

March 2023

- The 8th grade students in Student Council participated in the Detroit Pistons Leadership Day. The kids learned about marketing, management, and hospitality from the leaders of the Pistons organization. They then took a tour of Little Caesars Arena and watched the Pistons play the Pacers. Thanks to Sydney Hammerstein for organizing this event!
- Two DMS students were awarded a grant from the Dansville Schools Foundation for an inflatable Gaga Ball pit, which will be used for tournaments at lunch recess.
- The DMS and DHS Student Councils organized Family Fun Night for the community. Everyone was excited to have this favorite event return. Students enjoyed a variety of games, prizes, a cake walk, bounce house, and hot chocolate from the Kona truck.
- We continue to focus on one of the 7 Mindsets each month with House activities. Several students were recently recognized by teachers for going above and beyond with being 100% Accountable.
- Students in grades 6-12 had an opportunity to participate in Career Day. Dansville's CapCAN advisor Sophia Mackoul organized the event, which allowed students to hear several different professionals speak about their careers.
